DEDICATION

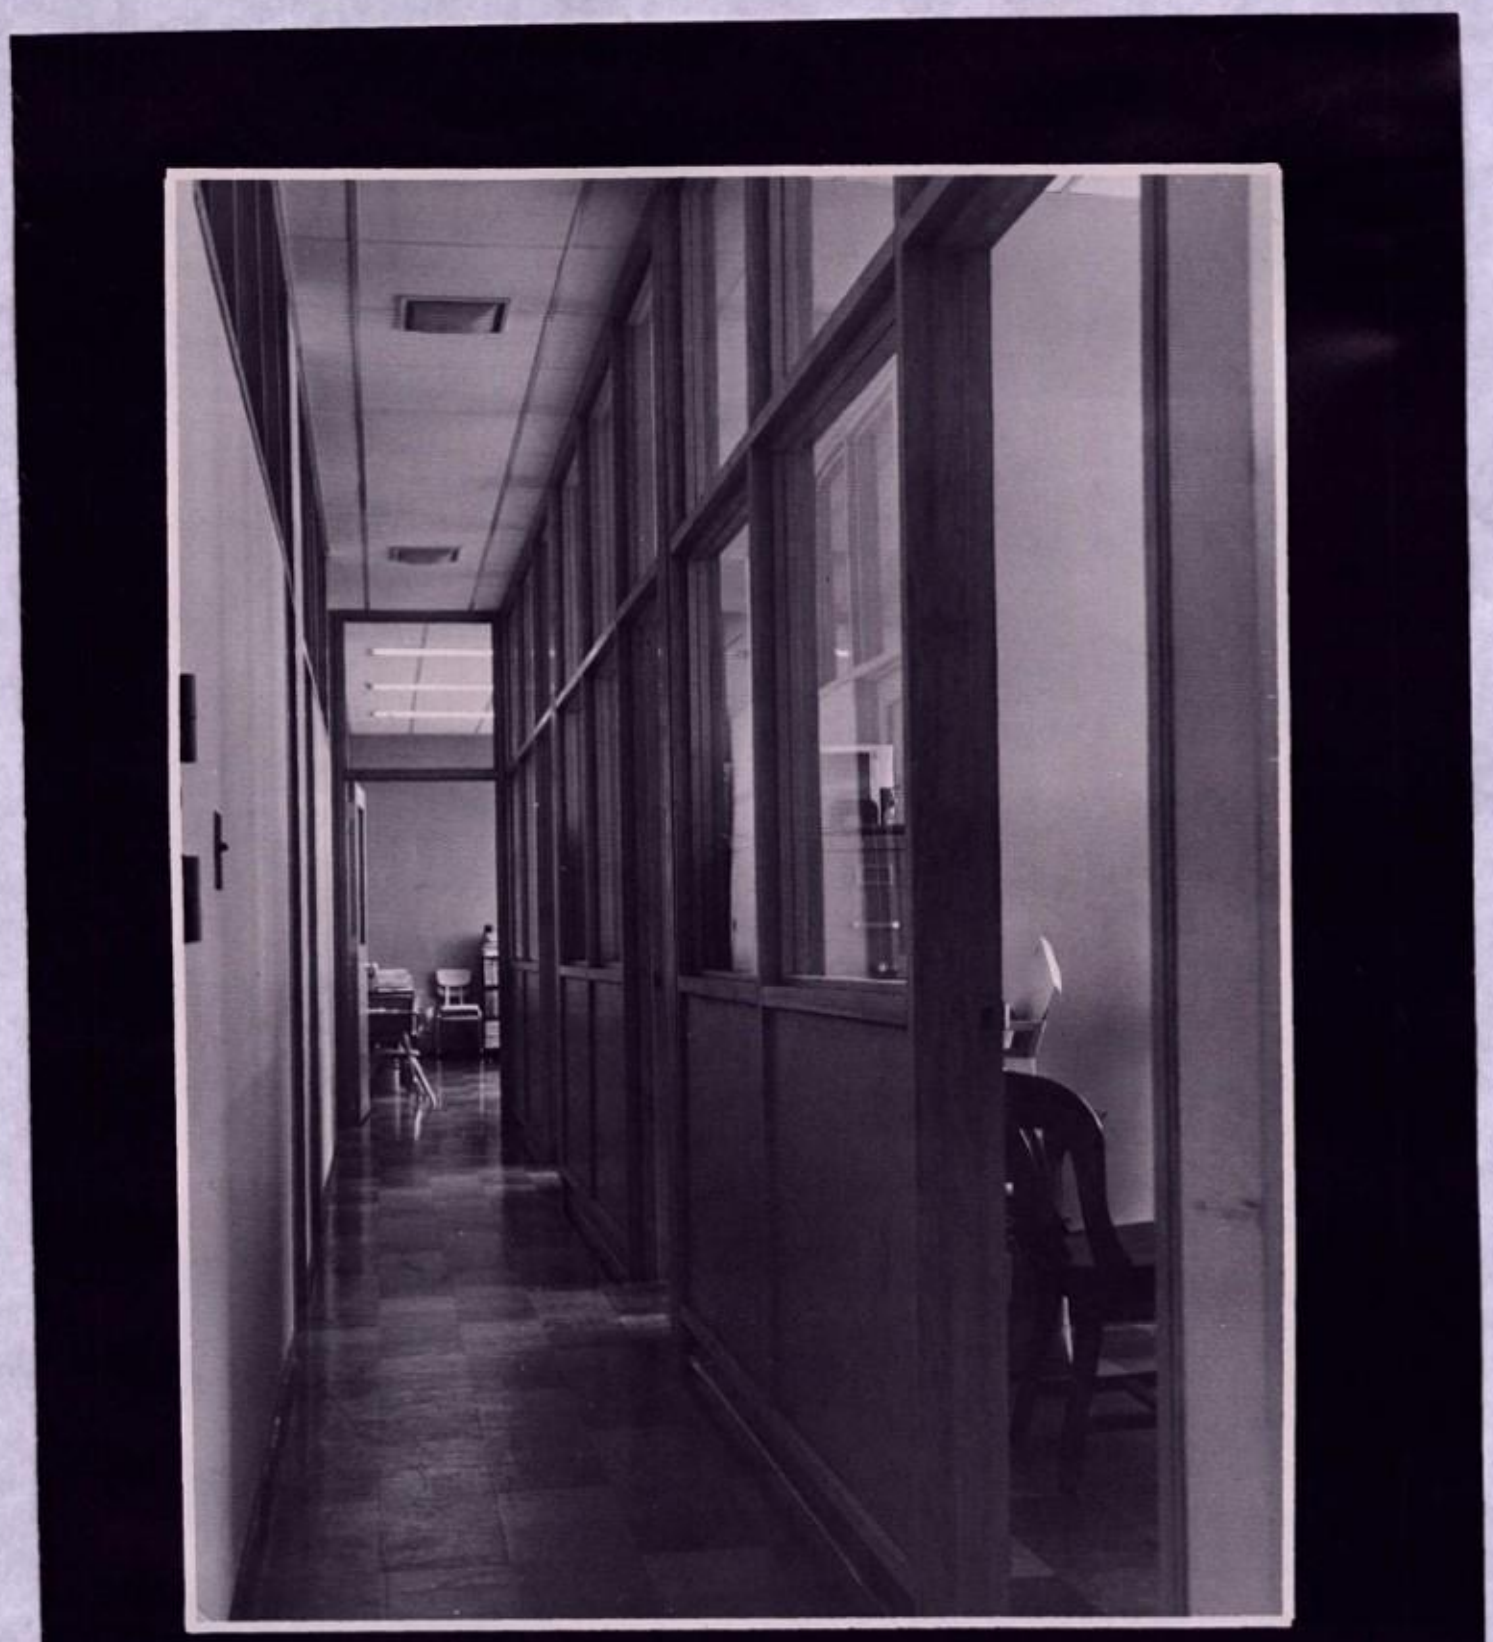
We, the class of 1966, are proud to dedicate our Manscript to Mr. Brennan in appreciation for his co-operation and guidance.

As a class sponsor for three years, he has helped a great deal with our many activities. To our magazine campaigns, dances, and prom, he gave freely of his time and effort in order to insure their success.

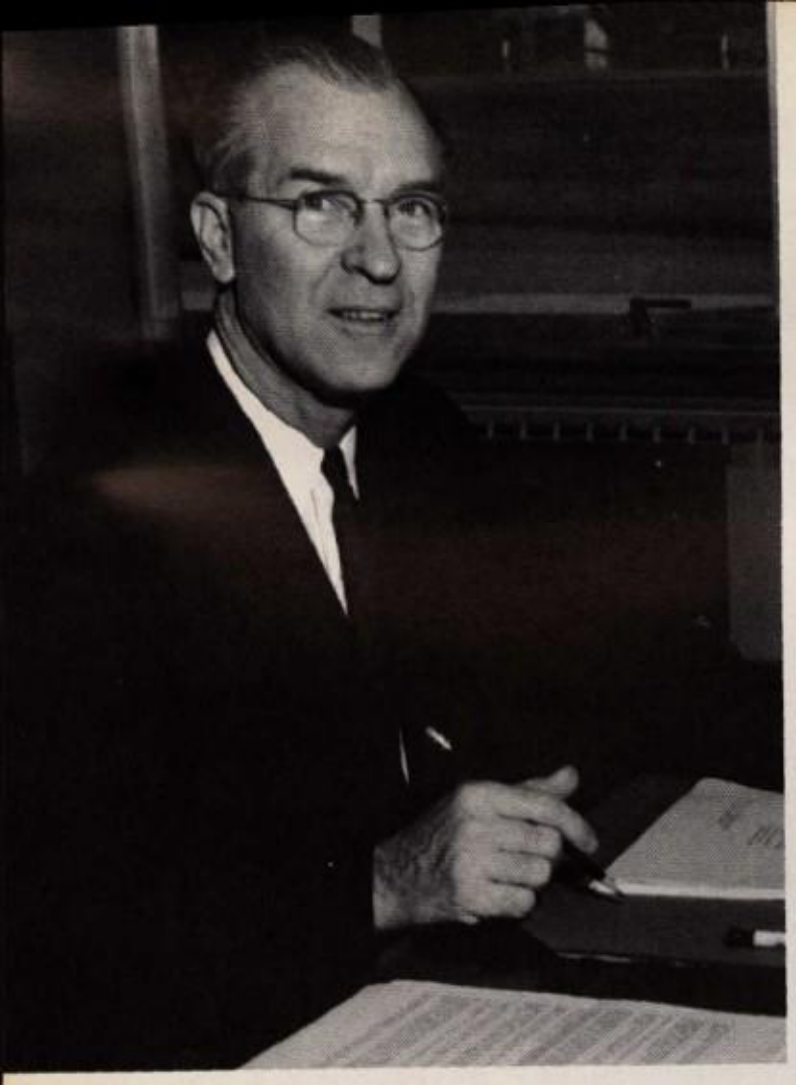
Mr. Brennan is a very popular math teacher because he is always willing to give help to anyone who asks for it. He makes math a stimulating challenge by his method of instruction.

Mr. Brennan's friendship, and his sincere interest in our class has made him more than a teacher to us. He has taught us to strive for even higher ideals and goals every year.

We extend many, many thanks to you, Mr. Brennan, for making our high school years eventful and successful.



ADMINISTRATION



TO THE CLASS OF 1966

The primary purpose of any school is to prepare each of its graduates to take an active part as a competent citizen in a democratic society. These graduates must be prepared to do more than earn a living; they must be prepared to live a life.

Your class faces a particular challenge for you enter a world filled with tension and political unrest. Rapid changes in technology astound us. Nothing seems impossible. But herein lies hope, for society is searching for people with inquisitive minds and creative spirits who are willing to attempt to perform tasks no one has completed heretofore.

R. L. Sharpe wrote:

"Each is given a bag of tools,
A shapeless mass,
A book of rules;
And each must make
Ere life is flown,
A stumbling block,
Or a stepping stone."

No matter where you go or what you do, we hope that the years you spent in the Mansfield schools have prepared you well for the years and the tasks which lie ahead. You take with you our best wishes for good health, happiness and success.

Sincerely,

William D. Igoe

HAVE DIPLOMA, WILL TRAVEL

"Two roads diverged in a yellow wood,
And sorry I could not travel both
And being one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth".

Robert Frost could have been writing to you Seniors and the decisions you must make. How well you travel and how far you travel will depend upon many things other than a diploma.

Commencement speakers have used many of the following topics when addressing Seniors: They say you will need "keys" to the car, "keys to the future", "keys" to the door, and "keys to the treasure chest". Other needed items might be: "sign-posts", "guide-posts", "stairways", "ladders", "lamp-lighters", "bridges", and "foundations".

You will travel on highways--some good and some bad; you will travel on superhighways, divided highways, a country lane, or go "zooming" into space where roads may never run.

Neither the diploma nor any of the other mentioned items will do you any good unless you have the desire to succeed.

Sincere best wishes to each of you. May all your highways be happy ways.

"Somewhere ages and ages hence:
Two roads diverged in a wood, and I -
I took the one less traveled by,
And that has made all the difference".

Sincerely,

T. R. Besanceney

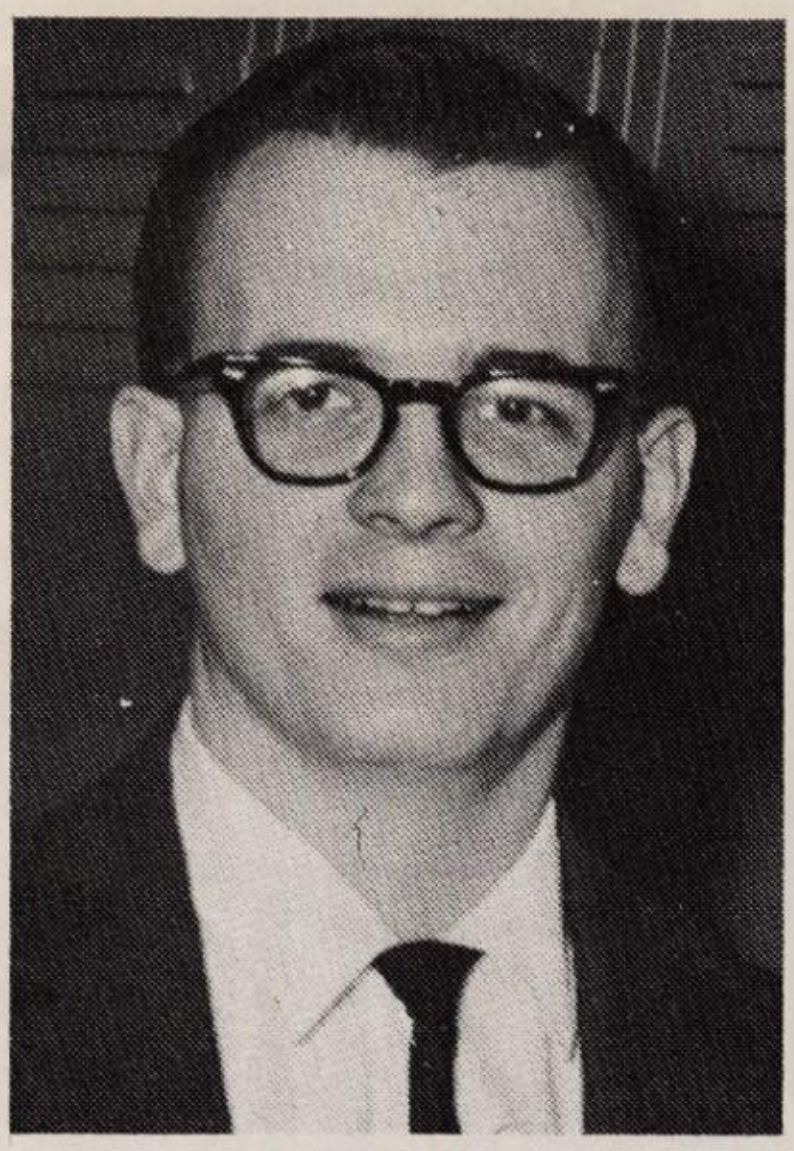
IN TRIBUTE



Mr. Correll was definitely an outstanding member of our faculty; in the three years he was with us, he added much to our school's atmosphere. As sponsor of the Pep Club he expanded the organization's activities, and school spirit was increased noticeably.

English, American History, Pennsylvania History, and Civics were the subjects that Mr. Correll taught. His interest in our class and in our ideas made him popular as an instructor. His distinctive method of teaching, giving equal consideration to everyone's opinions and demanding participation from each student, stimulated great interest in history, government, and English. In all of his classes and activities he stressed good citizenship, and he believed strongly in the democratic way of life.

The members of the Senior class who went on the trips to Gettysburg and Philadelphia with Mr. Correll will never forget those experiences. We are one in extending this tribute to a fine person and excellent teacher.

MARIA ECHEVERRI

Maria came to our country from Cali, Colombia. Her constant expressions of "No kidding!" and "I no like," will remind us of her for many years. During her one-year stay in Mansfield, Maria joined our class in clubs and activities. Maria's friendship has shown to us again the value of maturity and kindness in living with people. We extend best wishes and happiness to our South American friend.

FOREIGN EXCHANGE STUDENTS

GABRIELA URREJOLA

Gabriela's lovely smile, vivacious personality, and ambitious nature entranced everyone from the day she arrived in Mansfield from Chili. Although she was an English student at the University of Santiago, Gabriela went to classes in Russian and art at MSC. Her eagerness to learn everything about us won her many friends. Gabriela left behind her a bit of enchantment that all of us will always remember.

This year the "tigers" dominated the TCL by winning all league contests but lost the TCL Championship because of ineligibility. The District 4 playoff with Benton wrapped up a 6-2 season for the team under the coaching of Mr. Bixby.

The Mansfield JV's won the 1965-66 TCL Championship. The squad had a 15-2 record for the season while boasting a 54 point average. A balance of speed and height along with the coaching of Mr. Jackson made Mansfield a formidable opponent.

Although not winning the Tioga County League Championship, Mansfield was a top competitor showing a 17-5 record. The team gained much depth during the 65-66 season, besides supporting two TCL ALL-Stars: Dale English and Steve Dart. At the Towanda Christmas Tournament Manstield walked away with top honors by defeating North East Bradford, 58 to 57, and Tunknannock, 68 to 61.

The tigers, under the coaching of Mr. Evans, replaced height with speed and played a balanced offensive and defensive game. Entering the "class B" District 4 playoffs, Mansfield defeated Sayre and Sullivan County before losing to South Williamsport in the district finals.
